Printing guidelines

Store unopened in the press room for a minimum of 24 hours prior to use.

It is recommended to handle the media with cotton gloves. Make sure that the media does not come into contact with grease, oil, silicon, and dirt to avoid printing defects.

Print results will vary for different printer/ink/toner combinations.

Canon Colour profiles include recommended ink/toner restrictions and printer parameters.

Depending on environment and application, printer parameters may have to be adjusted slightly in order to obtain the best results.
